

SWEET SQUARED

EDUCATION

SERVING THE PRO WITH
LOVE & RESPECT

WELCOME

Welcome to Sweet Squared and our dynamic, award winning education programme. For the past 12 years we have offered leading education to arm nail and beauty professionals with the knowledge, skills and inspiration needed to be successful in our wonderful industry.

There are over 50 Sweet Squared Education Ambassadors (EA) with locations across the UK and Ireland providing courses at all levels from absolute beginner to advanced master and everything in between.

Our focus has always been on brand specific education. It is our firm belief that to get the best from any professional system, one must be trained by an expert in that specific system, who also understands the needs of the adult learner in a hands-on, practical environment. You will find that each of our courses is taught by an awesome individual who lives and breathes the systems they are qualified to teach, with passion and integrity.

In this brochure you will find a list of all the courses we offer with information about each. To find out even more, including locations, dates and availability, visit my.sweetsquared.com, where you can browse all the options and contact individual EA's or S2's multi award winning Customer Experience team for more information.

Sweet Squared cares most about Serving the Pro with the coolest and most innovative products and techniques. When you sign up for education you are not just getting a course, you are gaining a family and a support network of like-minded professionals, serious about business and building a career to be proud of. We'd love for you to join us!

Love & Respect

TESTIMONIALS FROM AVID FANS

"Completing my CND Grand Masters has been incredible. I've loved every single minute and always feel like nothing was too much trouble and any question could be answered in depth! The Educator was so inspiring and it has been such a unique experience learning all about CND and the products, and everyone at Sweet Squared has been so friendly and accommodating. I've loved training with the company and can't wait to complete more of the courses."

Nicole Crowell

"I recently carried out the wax:one conversion course and loved it from the minute I saw it. Straight away the Educator made me feel totally at ease. I was a little nervous as I had not done any waxing training since I qualified almost 13 years ago. I was blown away with the results as was my model! The Educators are professional and helpful and very patient. I love wax:one so much! Brilliant product, fantastic results!! "

Katie Gunson

"I had my MoroccanTan training in April 2018. I was so impressed. It truly is a stunning product! So easy to apply and incredibly good coverage and colour. The tan is easy to explain to your client and the retail products have been such a strong selling point for me. I have the majority of my tan clients using one or more of the retail products! I would, hands down, recommend this tan and the training to any beauty therapist or tanning specialist out there! It's flawless, faultless, straight forward and the continuing support you get from your trainer is second to none. I'm 100% converted!!"

Karen Wright

"I have completed my Shellac Masters. It was absolutely awesome! My skills and confidence have improved massively. I am now doing nail art on most clients and not just a sprinkle of glitter. My next step is my L&P Masters which I am so looking forward to."

Lindsay MacGregor

"I recently completed my wax:one beginners course with Sweet Squared. I was very anxious to start with but the Educator made learning fun. Even when I wanted to give up she was patient with showing me again until I understood. Anything you struggle with they are always there to answer any questions."

Taylor Farquhar

"I have completely changed my career at the age of 34, so going back to the classroom was a daunting prospect to say the least. I have completed many courses now with Sweet Squared and I can honestly say that it has been the best experience of my career, ever!

The staff are all so friendly, professional and helpful which helps when you feel slightly nervous and anxious. The courses are absolutely jam packed full of information and a great mix of theory and practical, so you leave knowing that you are being taught to an extremely high standard for such a reputable company. My advice to anyone questioning starting a course would be to absolutely do it, it's not only a great career move but an investment into your future."

Laura Sant

"From picking up the phone to discuss my requirements to completing the course was made so easy by Sweet Squared. The Educator made me feel really comfortable and eager to learn from the start. The practical was great and informative. I was given step by step guidance on the correct technique and I was able to practice a number of times. Time was allocated too for questions and answers. I left feeling educated and excited about bringing this fabulous treatment to our salon. Thank you Team Sweet Squared!"

Joanne Abbishaw

SHELLAC™

Shellac™ Brand 14+ Day Nail Colour

True innovation in chip resistant long lasting nail colour

High performance wear with a stunning shine

SHELLAC™ brand 14+ day nail colour is a true innovation in chip-free, extended-wear colour with a mirror like finish. The SHELLAC™ Brand goes on like polish, wears like a gel, and can be gently removed in minutes with no nail damage. Nails are strengthened and enhanced with 14-days of durable colour. The SHELLAC™ systems will provide you with a premium service for your clients, save you precious time leading to polished profits for you, the professional.

CND™ SHELLAC™ BEGINNERS

- Accredited Course for the absolute beginner.
- No previous experience or qualifications required.

ENHANCEMENTS

Two great systems with unique patented technology
 One amazing outcome creating flexible, strong and resilient nail enhancements

Nail Enhancement treatments are designed to complement your clients finger tips creating the most beautiful set of natural looking nails. CND™ provide 2 ultimate and innovative enhancement systems. Both systems feature unique patented technology that create flexible, strong, resilient nail enhancements to suit all of your client's needs.

The Liquid and Powder System - Formulated to provide gorgeous, long-lasting, lift-resistant enhancements for nails that know no limits!

The Liquid & Powder System gives you the power to create durable, beautiful nail enhancements that clients will love. The Sculpting Liquids provide advanced adhesion with the natural nail to prevent lifting. The Sculpting Powders provide superior clarity and colour stability, while Perfect Colour Sculpting Powder provides superior mould and extensive colour and coverage options.

The Brisa™ Gel System - Formulated with CND's patented technology to create gorgeous, thin, natural-looking gel enhancements that are easy to apply, easy to wear and easy to love!

BRISA™ Sculpting Gels give you strong, flexible nails for life's daily activities. Sculpt, extend and shape for a naturally polished look. BRISA™ Paints are thin liquid gel paints that create crisp smile lines that last three times longer than ordinary French manicures. Prime the nail with BRISA™ Bond, a UV-cured bonding agent that securely adheres BRISA™ gel to the natural nail. Finish with BRISA™ Gloss, a high-gloss gel top coat that seals and protects enhancements.

Your Enhancement Development Journey

CND™ LIQUID & POWDER BEGINNERS

- Accredited course for the absolute beginner
- No previous experience or qualifications required

The CND™ Liquid & Powder beginners course develops your skills using our unique Retention+™ technology to create strong, durable enhancements with superior clarity, brightness and scratch resistant, ultra smooth finish. The 6 day intensive hands on course is delivered over a 4-6 week period allowing you ample time to develop your technique and application with the ultimate support from your Education Ambassador. You will cover all aspects of natural nail anatomy, health and preparation of the nail to ensure no nail plate damage, liquid and powder science, mix ratio, zone sculpting, tip application, removal and rebalance.

The most innovative wax on the market that provides a simple yet powerfully effective system that delivers fast super smooth results while minimising the risk of ingrown hairs. This premium wax is suitable for the most sensitive of skins, melts quickly and evenly making it super easy to work with whilst removing the shortest of hairs.

The low working temperature allows for a more comfortable treatment for the client. The thin viscosity ensures that less product is used during a treatment making **wax:one** super economical and effective as it travels to the base of the hair for superior removal. Superb flexibility enables **wax:one** to contour the body and not become brittle or snap hairs, thus reducing the risk of ingrowing hairs and providing the most comfortable of experiences.

WAX:ONE BEGINNER

- Accredited course for the absolute beginner
- No previous experience or qualifications required

Become the ultimate **wax:one** waxer with this 2 day beginners course and enhance your waxing business potential to the max! Non greasy, non streaky formula

NIMUE SKIN TECHNOLOGY

Results driven skincare that treats the majority of skin concerns

Refillable retail products available, saving the client up to 30%

Strictly professional only, not available for consumers to buy online

Nimue products treat the cause and not just the symptom of skin conditions through its innovative skin classification system. The result orientated approach of professionally administered treatments, complemented by prescribed home care products, ensures clients see significant visible results that drive brand loyalty and keep them coming back.

Nimue treats the majority of skin concerns including: fine lines, wrinkles, sagging, pigmentation, uneven skin tone, dryness, oiliness, acne, rosacea and eczema with no downtime.

With a progression route in training courses, starting with the Core Education and moving into advanced facial treatments, **Nimue** offers two levels of training packages - silver and gold, depending on your salon size, more information is available online.

NIMUE CORE EDUCATION

- Accredited NVQ Level 3 or equivalent or above with a full understanding of Anatomy and Physiology is required.

A 2-day intensive course that will provide therapists with a full overview and understanding of the system and all its products. Students will gain an understanding of the technology behind the products, how they effect the physiology and biological functioning of the skin to deliver optimum skin health. As well as in depth theory and brand protocols, therapists will gain a thorough understanding of the full home care range and how to prescribe products to suit individual clients needs. On successful completion of the Core Education, therapists will be able to stock and prescribe **Nimue** home care products as well as offer a range of core treatments to their clients such as the active rejuvenation peel.

NIMUE ADVANCED REJUVENATION (35% GLYCOLIC PEEL)

- Therapists who have successfully completed Nimue Core Education.

This 1-day course is the natural next step on the **Nimue** education journey and will take therapists into Advanced Peeling. In skincare formulations, active ingredients may come and go, but few have been as beneficial for the skin as glycolic acid which have been used in products for over 20 years. A high quality source of glycolic acid delivers a host of valuable advantages including deep exfoliation, plumping out of lines and wrinkles and improving the appearance of the skin for an instant glow. Therapists will gain a full understanding of skin histology, skin chemistry, treatment principles and practical skills and assessment.

Silver Package	 Price £395	 1-day	 1 training place	 Start up salon kit included worth £427
Gold Package	 Price £625	 1-day	 3 training places	 Start up salon kit included worth £745

NIMUE SRC™ (SKIN RESURFACING COMPLEX)

- Therapists who have successfully completed both the Nimue Core Education and Advanced Rejuvenation (35% glycolic).

This 2-day course is the next step on the **Nimue** journey and consists of a variety of techniques that change the surface texture and appearance of the skin. With **Nimue-SRC™** treatments, there is no removal of the living layers of the epidermis and only the upper layers of the stratum corneum are removed ensuring that skin health remains our priority with no downtime for the client.

Nimue-SRC™ Treatments offer progressive and superficial resurfacing of the skin, stimulating epidermal growth through the removal of damaged layers of the stratum corneum. It is available for three skin classifications: Environmentally Damaged, Hyperpigmented and Problematic Skin to address the specific needs and concerns of the client. Therapists will gain a full understanding of advanced skin histology and peeling theory, treatment of major complexion disorders, delivery systems as well as a practical skills and assessment.

Silver Package	 Price £595	 2 Days	 1 training place	 Start up salon kit included worth £625
Gold Package	 Price £995	 2 Days	 3 training places	 Start up salon kit included worth £1090

Nimue Thermal Detox Peel Online Education

- Therapists who have successfully completed Nimue Core Education.

Nimue's NEW professional cabin innovation, Thermal Detox Peel, is inspired by the flash treatment trend. Today our lives are fuller than ever and time is our most valuable commodity, with consumers willing to spend less and less time on their skincare. They are looking for treatments that are multi-functional and time-saving, offering instant results.

Nimue is the first skincare brand to launch a peel combining a foaming action with a thermo-sensory mechanism that deep cleanses, exfoliates and oxygenates to achieve the below instant results:

- Removal of impurities and excess oil
- Refining of pore size
- Softening of fine lines and wrinkles
- Softening and smoothing of skin texture
- Providing a more even skin tone
- Enhancing radiance
- Increasing hydration

Nimue's NEW Thermal Detox Peel will stimulate the senses with its rich charcoal/black colour, its foaming/bubbling action and a warming sensation created on the skin.

The Nimue Thermal Detox Peel online education is open to qualified Nimue specialists, truly taking your professional treatments to the next level at a time and pace convenient to YOU the Therapist. On successful completion of this course and assessment, you will be qualified to administer Nimue's Thermal Detox Peel. This will enable you to offer express treatments to a wider range of clients, whilst achieving the ultimate goal of optimal skin health.

Nimue Super Fluids Online Education

- Therapists who have successfully completed Nimue Core Education.

The customisation trend is here to stay and some say is the future of beauty. Consumers want products that can be blended and manipulated to suite their changing daily and seasonal needs. They are well informed about advanced skin care and want to take part in determining what their specific skin concerns and needs are and how to treat them.

In line with this trend, Nimue has developed 5 new Super Fluids which are compatible with all existing Nimue Professional Treatments and allows for complete customization. This empowers therapists to tailor treatments to each client's specific concerns and take their treatment efficacy to the next level.

This online education will expand your knowledge and understanding of delivering customised treatments with the incredible New Super Fluids.

On successful completion of this course and assessment, you will be qualified to Customise your treatments with Nimue Super Fluids. This will enable you to offer treatments that are truly customised to the client at that pto a wider range of clients, whilst achieving the ultimate goal of optimal skin health.

LASHUS THE LIFT – Training Course

With Lash Lifts becoming one of the fastest growing beauty treatments around , and clients looking everywhere for trained technicians isn't it about time you learned to turn it up! **LASHUS** is a new professional, trustworthy lash brand that stands for honesty, authenticity and has integrity at its heart. **LASHUS** was created to give empowerment to the individual and make them feel fab-u-lash!

With over a decade of experience in using and training professional lash products, the creators behind **LASHUS** really know Lashes. After two years of extensive research and work with chemists in state-of-the-art facilities, we are so proud to bring you a pioneering, 'stripped back' lash-lift treatment. By eliminating unnecessary chemically-derived ingredients and perfecting the staying power of its lash lift formula, **LASHUS** delivers a gentle yet lasting formula for lash treatments. **LASHUS THE LIFT** will create uplifting, volume-enhancing lashes consistently time and time again delivering the most dramatic results not just to your client but to your profits too. **THE LIFT** works with the client's natural lashes to create the appearance of longer, thicker and more visible lashes. By straightening the natural lashes at the root, **THE LIFT** instantly gives extra volume, definition and length. Finishing **THE LIFT** is a deep intense tint to both the upper and lower lashes for that extra **LASHUS** factor.

“Raise your Gaze “and look to the future of professional lash treatments with our 1 day course designed for the absolute beginner and also for current lash professionals wanting to convert to the **LASHUS** brand. You will gain a full understanding of the science behind the brand, build confidence with the application technique and treatment plus gain knowledge of the awesome professional and retail product range. This course is product and practically focused ensuring that you gain all the lash guidance you require to deliver breath-taking results for your future lash clients and build your lash empire!

LASHUS THE LIFT BEGINNERS & CONVERSION

During this 1 day course, you will understand the science and application of **LASHUS THE LIFT**. Build confidence with the application technique and gain a good understanding of all the products, as well as gaining knowledge in the business of Lash Lifting and how it can build revenue for you.

A pre-study manual and folder will be sent out to you prior to the course along with your sensitivity kit. An on-line test must be taken prior to the actual training day, pass rate of 70% must be achieved.

ONE-TO-ONE TRAINING

The chance to perfect your skills

Bespoke, personalised training across all **Sweet Squared** brands, disciplines and product systems.

CND™ - wax:one - Lecenté™ - MoroccanTan™ - Nimue

Whether you are new to the industry or a seasoned professional with years of experience, one-to-one education can be invaluable. Every professional will at some time experience issues that require troubleshooting. **Sweet Squared's** Customer Experience team is always on the other end of the phone, or there to answer questions via social media, but getting to the root of specific challenges, whilst also gaining more knowledge and confidence, is best achieved face to face with a true expert.

Spending time with an Education Ambassador (EA), just you and them, is often the quickest and easiest way to identify the true cause of a problem and find practical solutions to challenges you may have encountered while working on your clients.

One-to-one training can focus on whatever you want it to and you can plan the session ahead of time with your EA. Decide what you want to cover and they will advise how much time is needed. Alternatively, book a slot of time and your EA will let you know what can reasonably be covered during your session.

If you are setting up in business for the first time and need to create a treatment menu, pricing structure and service descriptions, but are not sure if you've got it quite right, a one to one session with an educator can help you to do this. All **Sweet Squared** EA have experience of running their own nail and beauty businesses and are well qualified to offer advice and support in this area. See you soon!

£45.00+vat / €54.00 per hour
